

## Study at ESIGELEC in Rouen Normandy France

### Exchange programme

#### Why ESIGELEC in Rouen, Normandy ?

ESIGELEC is a School of Engineering, i.e. a higher education institution. It was founded in 1901. It is located in the south of Rouen. The city medieval of Rouen is the cultured, historic, gastronomic, vibrant capital of Normandy. It stretches beside the river Seine, only 1 hour from Paris.

ESIGELEC educates highly skilled engineers in the area of **smart and connected systems**. ESIGELEC brings together 2,000 students, 40% are international students, and more than 10,000 alumni.

Exchange students can come to study at ESIGELEC for a period of **one** or **two academic semesters** maximum. They can choose courses from the following programmes :

1. [Engineering programme](#) (a 5-year integrated master's programme), mostly taught in French
2. [Master's programmes](#), **fully taught in English**

### Academic calendars

- Semester 1 (fall): from mid-September to early February
- Semester 2 (spring): from beginning of February to end of May (engineering programme) or mid-July (master's programmes)

### Nomination

The home institution must nominate the students. Nomination includes the students' name, e-mail, level and field of studies, dates and duration of the exchange period at ESIGELEC.

Nominations should be sent by e-mail to [international@esigelec.fr](mailto:international@esigelec.fr) before the deadlines below.

### Application

Application portal: <http://www.esigelec.fr/en/apply>

Students should :

- Create an account on the online application portal
- Complete an online application file
- Upload the required documents ([click here](#) to see the list of documents)

### Nomination and application deadlines

- **April 30:** Semester 1 (fall semester) or Semesters 1+2 (full academic year)
- **October 15:** Semester 2 (spring semester)
